

## **INFECTION PREVENTION & CONTROL FOUNDATION**

**IPAC Foundation** is launching a new healthcare project in **Toba Tek Singh** called **Fatima Ghazi Community Health Centre**. The aim is to make medical care easy to access for local people, especially those who need it the most.

This center will focus on **basic health services** and **community outreach**, providing care with **respect, kindness, and trust**.

We're putting together a team of dedicated professionals who want to make a real difference by supporting health and wellness in the community.
